4 STROKE ENGINE OILS

Description

Divyol's range of 4-stroke bike engine oils are specially formulated for new generation bikes, improving efficiency and ensuring a clean engine and cleaner environment.

Composition

Developed using fine grade performance base oils and additives

Application

Ideal for 4-stroke engines of two and three-wheeler vehicles, including those operating in severe conditions

Benefits

- Clean combustion and maximum cleanliness of the engine
- Low pour point enables round the year use, including in sub-zero conditions
- Complete protection to engine parts from wear and corrosion
- Excellent resistance to thermal breakdown and thus, reduced frequency of oil change
- Enhanced engine life
- Smooth ride at optimum fuel efficiency

SHOCK ABSORBER OIL

Description

Divyol's Shock Absorber Oil is an absorber fluid suitable for all climactic condition having low pour point and good damping effect

Composition

The Shock absorber oil is made from excellent quality base oil and premium additives

Application

Ideal as front fork oil for all motorcycles and other shock absorbing mechanism

Benefits

- Excellent protection against wear and tear
- Compatible with rubber sealing material
- Excellent viscosity /Temperature characteristics
- Good anti foam properties and excellent damping characteristics

DIVYOL SWING

Performance Level : PROPRIETARY
Pack Sizes : 175 ml, 350 ml, 26L, 50 L, 210 L

AUTOMOTIVE GEAR OILS

Description

Divyol's multipurpose gear oils are specially formulated for gears used in new generation vehicles.

Composition

Made from base oils and fortified with select additives to deliver unmatched performance

Application

Ideal for all types of highway and off highway vehicles working under severe and widely varied temperature conditions

Benefits

- Ideal for extreme and high load conditions
- Reduces heat transmission in the gear set
- Excellent corrosion resistance
- Decrease in noise level and maintenance costs
- Extended service life of gears

DIVYOL SPINE EP 90

Performance Level : API GL4

Pack Sizes : 500ml, 1L, 2.5L, 5L, 8L, 10L, 12L, 20L, 26L, 50L, 210

DIVYOL SPINE SXP 75W90

Performance Level : API GL4, SYNTHETIC BLEND
Pack Sizes : 2.5 L, 26 L, 50 L, 210 L

DIVYOL SPINE SXD 75W90

Performance Level : API GL5, SYNTHETIC BLEND
Pack Sizes : 2.5 L, 26 L, 50 L, 210 L

PASSENGER CAR MOTOR OILS

A woman wearing a light-colored straw hat and a sleeveless, vertically striped dress stands on a paved road. She is leaning against the open trunk of a silver car. The background features a scenic view of rolling green hills under a bright, hazy sky. The overall mood is peaceful and suggests a road trip or vacation.

Description

Divyol's passenger car motor oils are designed to meet the most stringent requirements of the modern internal combustion gasoline engine.

Composition

Wide range of oils meeting API and viscometric specifications

Application

Ideal for new generation gasoline and diesel engine passenger cars and light commercial vehicles

Benefits

- High resistance to sludge
- Good cold starting
- Low volatility characteristics
- Effective protection against corrosion and oxidation at high temperatures

DIVYOL SPECTRO SX 20W50

Performance Level : API SN, BS VI compliant
Pack Sizes : 1L, 3L, 3.5L, 26L, 50L, 210L

OUT BOARD MOTOR OILS

Description

Divyol's range of 2-stroke engine oils are especially formulated for new generation 3 Wheelers and watercraft, ensuring efficient performance with a clean engine and cleaner environment.

Composition

Low ash proprietary formulations

Application

All 2-stroke engines, covering the recommended autorickshaws and outboard motors, including the popular Japanese imports (meeting latest JASO standards)

Benefits

- Excellent protection against wear and corrosion
- Excellent resistance to thermal breakdown and thus, reduced frequency of oil change
- Complete and clean combustion for a clean engine
- Enhanced engine life
- Suitable for marine environment as well

HEAVY DUTY DIESEL ENGINE OILS

Description

Divyol's range of heavy duty diesel engine oils are suitable for light, medium and heavy commercial vehicles and new low emission engines with ULSD.

Composition

Formulated from high quality base oils with select premium quality additives

Application

Suitable for both, on and off-highway diesel engines, naturally aspirated and turbocharged 4-stroke diesel engines and construction equipment

Benefits

- Higher mileage and better pickup
- Improved engine cleanliness and reduced vibrations
- Wide range of viscosities
- Prevents clogging of DPFs and SCRs
- Excellent wear protection to maximise engine life
- Extended service life of after-treatment systems

TRANSMISSION OILS

Description

Description: Divyol's product range contains oils specially formulated for the modern automatic transmission cars and wide range of oils suitable for construction industry segment includes hydraulic oils, Transmission oils, Crankcase oils, Gear oils and Greases.

Composition

Blended from premium quality base stocks and advanced additives

Application

Ideal for automatic transmission and power steering units of automobiles and light vehicles, also suitable for both, on and off-highway construction equipment like Dozers, cranes, dumpers, shovers etc.

Benefits

For Automotive

- Protects the critical and complex transmission components
- Superior dispersant for maximum anti-wear
- Effective anti-oxidation and de-foaming properties
- Ideal friction characteristics for smooth transmission performance
- Smoother ride for a longer period

For Construction

- Improved Engine durability
- Extended service protection
- Wide range of viscosities and product specifications to choose from
- Improved performance and low downtime of hydraulic and Transmission system
- Outstanding wear protection and performance to maximize engine life
- Outstanding protection under severe working conditions

GAS ENGINE OILS

Description

Divyol's series of premium quality gas engine oils are designed for engines operating on gases like CNG and LPG.

Composition

Made from base oils and fortified with select additives to deliver unmatched performance considering high levels of methane and hydrogen sulphide

Application

Ideal for CNG/LPG fitted cars, taxis, auto rickshaws and three-wheelers fitted with 4-stroke engines

Benefit

- Excellent protection against corrosion caused by acid
- Ensures a clean engine by reducing dirt accumulation
- Helps avoid unscheduled maintenance
- High oxidation stability

DIVYOL GASOL 30

Performance Level : API SC/CF
Pack Sizes : 20L, 26L, 50L, 210 L

DIVYOL GASOL 40

Performance Level : API SG/CF
Pack Sizes : 20L, 26L, 50L, 210 L

DIVYOL ECO 4 20W50

Performance Level : API SG / CF
Pack Sizes : 500 ml, 1L (HDPE & Pet bottle), 2L 3L, 26L, 50 L, 210 L

AGRICULTURE OILS

Description

Divyol's range of agricultural oils continue to be top choice for the lubrication requirements of all farming equipment. This product range includes engine oils, transmission fluids, coolants, etc.

Composition

Blended from highly refined base stocks and a combination of antioxidant, anti-wear and anti-foam additives

Application

Ideal for farm equipment like tractors, power tillers, harvesters, pump sets, etc.

Benefits

- Highest level of engine protection from corrosion and wear
- Superior anti-corrosion protection to engine internals during idle periods
- Easy starting even at low ambient temperatures
- Helps maintain a clean engine
- Optimum fuel efficiency

DIVYOL KRISHI JEEVAN 20W40 (PSO)

Performance Level : Proprietary
Pack Sizes : 1.2 L, 1.5 L, 3.5 L, 26 L, 50 L, 210 L

AUTOMOTIVE GREASES

Description

Divyol's range of lithium based automotive greases enable vehicles and equipment to perform efficiently and for longer periods even under heavy shock loads.

Composition

Specially developed soap systems fortified with carefully balanced additives

Application

Recommended for all automotive application including cars, trucks, buses as well as construction and mining equipment working under severe conditions

Benefits

- High thermal stability
- Maximum protection from dirt and abrasive contaminants
- Reduces frequency of need for re-lubrication

DIVYOL MP 3 GREASE

Appearance: Smooth, buttery and Light yellowish
 Performance Level : Meets NLGI 3, BIS 12203-99
 and IS 7623-1993 (Industrial-Regular type grade 3)
 Pack Sizes : 100 gm, 500 gm, 1 kg, 2 kg, 3 kg,
 5 kg, 18 kg, 180 kg

DIVYOL AP 3 GREASE GT

Appearance: Calcium based gel type multipurpose grease,
 Meets NLGI 3 Specifications
 Pack Sizes : 5 kg, 10 kg, 18 kg, 180 kg

DIVYOL X-RED GREASE

Appearance: Smooth, Red, Gel Type
 Pack Sizes : 500 gm, 1 kg, 2 kg, 3 kg, 5 kg, 7 kg, 180 kg

DIVYOL XL BLUE GREASE

Appearance: High performance premium Lithium Complex
 (Metal Complex) long life grease Meets NLGI 2 / 3 Specifications
 Pack Sizes : 5 kg, 7 kg, 18 kg, 180 kg

DIVYOL XLT BLUE GREASE

Appearance: High-performance Lithium Complex Grease
 Meets NLGI certification GC-LB
 Pack Sizes : 18 kg, 180 kg

THREE WHEELER OILS

Description

Divyol's cost effective product for general purpose applications.

Composition

Formulated from base oils with only essential additives.

Application

Suitable for old diesel vehicles, three-wheelers, modied three-wheelers (Chakda).

Benefit

- Protects engine from damage
- Better mileage
- Most cost effective
- Smoother engine operation

DIVYOL AUTO PLUS

Pack Sizes : 1.2L, 2.2L, 26L, 50 L, 210 L

DIESEL EXHAUST FLUID

Description

DEF is an aqueous solution used to reduce exhaust emissions.

Composition

Diesel exhaust fluid (DEF) is a carefully blended solution composed of aqueous urea (32.5%) and ionised water (67.5%).

Application

Diesel exhaust fluid (DEF) is used in diesel engines BS IV compliant with SCR systems to reduce emissions.

Benefit

- Non-polluting
- Increases efficiency of the engine
- Protects your vehicle from polluting environment
- Protects SCR from catalysts damage

DIVYOL ECO BLUE

Performance Level : DEF/AUS32
Pack Sizes : 20 L, 210 L

RADIATOR COOLANT

Description

Divyol's range of coolants are suitable for engines having closed loop coolant circulation systems.

Composition

These coolants are made from MEG and balanced with a mixture of corrosion inhibitors and specialty additives.

Application

Ideal for cars, HCVs, MCVs, construction equipment, tractors and stationary DG sets.

Benefit

- Excellent protection against corrosion
- Compatible with rubber sealing material
- Excellent heat transfer properties
- Prevents scaling and deposits even in the presence of hard water
- This is a long-life coolant made from organic corrosion inhibitors (organic acid salts) also known as organic acid Technology (OAT).
